Subject: I-Suite Application Patch 11-1

Version 11.01.02 of the I-Suite Application is now available for download at <http://isuite.nwcg.gov>.

The primary focus of this patch is to address two major issues affecting cost calculations, correct several items found during the Supply Pilot and several minor defects impacting the field.

The installation of I-Suite Patch 11-1 will replace the following files: ISuite.exe, Waybill.rpt, SupplyIssueReceipt.rpt, IsuiteBlank.mdf.gpg and 2011_Training.mdf.gpg. Opening the I-Suite application on the server computer, attaching a database, and creating a new database will update the database to version 11.01.06.

System Administrative privileges are required to properly install this patch and it can be installed mid-incident.

Refer to the I-Suite Install Quick Reference Card or the Windows 7 Quick Reference Card for setup instructions: http://isuite.nwcg.gov/User_Support/index.html

For further assistance with the installation, call the I-Suite Helpdesk at (866) 224-7677.
